

Selling through a system

※Legend: ● Automatic ● Semi-automatic ● Manual

Breaking free from time-consuming, labor-intensive, and person-dependent operations

Challenges:

- Manual SNS & sales tasks
- person-dependent customer support
- No clarity on success drivers

Benefits:

- Automated customer acquisition
- Integrated diagnosis-to-sales flow
- End-to-end visibility & optimization

This isn't just a diagram.

↳ It transforms your strategy into a shared, actionable asset.

Strategic Reflection

– Clarify structure and identify areas for improvement

Client & Team Alignment

– Create shared understanding and reduce explanation effort

Sales & Proposal Tool

– A powerful asset to communicate value through structure

Canva / LP Integration

– Use as a credible, trust-building visual content
